

# Polarization Module G

Specification Sheet (Part/REF # 237350)

## Product Specifications

|                                                                                                                                                 |                                    |
|-------------------------------------------------------------------------------------------------------------------------------------------------|------------------------------------|
| Process Connection                                                                                                                              | Polarization Module for OxyFerm VP |
| Specifications are subject to change without notice                                                                                             |                                    |
